

### Cann Bridge School Pupil Premium Expenditure

- We will ensure that teaching and learning opportunities meet the needs of all of the pupils
- We will ensure that appropriate provision is made for pupils who belong to vulnerable groups
- We will allocate the Pupil Premium funding to support any pupil or groups of identified as appropriate recipients of this funding source
- Pupil Premium funding will be allocated following a needs analysis to identify priority groups or individuals. Limited funding and resources means that not all children receiving free school meals will be in receipt of pupil premium interventions at one time.
- Pupil Premium funding may indirectly benefit other pupils in the school not specifically recipients of this grant
- Pupil Premium will be directed towards developing support to pupils in order to meet specific educational needs, social needs or personal developmental needs.

The range of provision the Governors may consider include:

- Additional teaching and learning opportunities within the curriculum provided through the use of appropriate support staff and outside agencies.
- Provision of small group work with an experienced teacher focussed on overcoming gaps in learning.
- 1-1 Teaching Assistant support.
- Specific support within a group of peers to develop appropriate social interactions, leading to improved self confidence
- Additional teaching and learning opportunities outside the usual curriculum provided through the use of appropriate support staff and outside agencies.
- Funding of specific equipment or items for individuals within the Pupil Premium groups which have been identified as able to increase access to learning and achievement.
