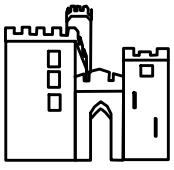
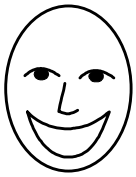
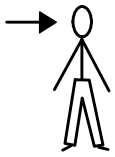
Part 2 - King Duncan



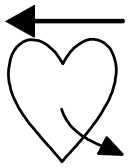
visits Macbeth's castle

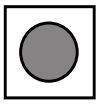
King Duncan was really



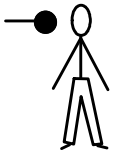


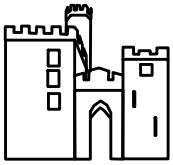
pleased with Macbeth. He



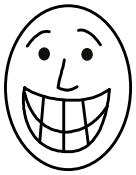


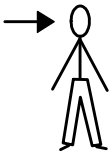
wanted to visit Macbeth in

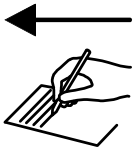


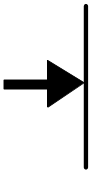


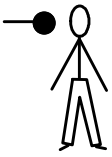
his castle. Macbeth was very



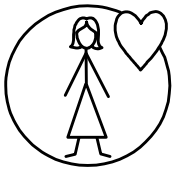






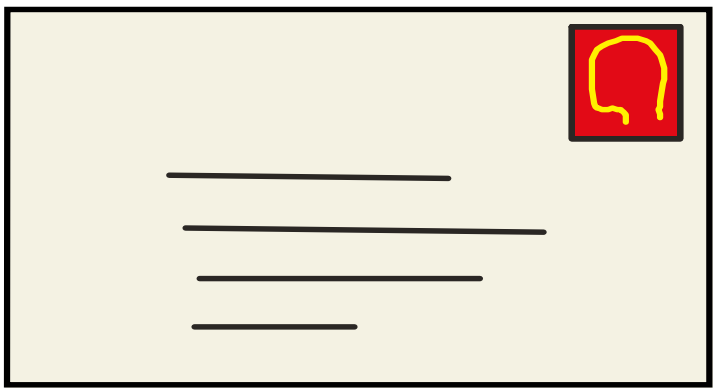


excited. He wrote to his

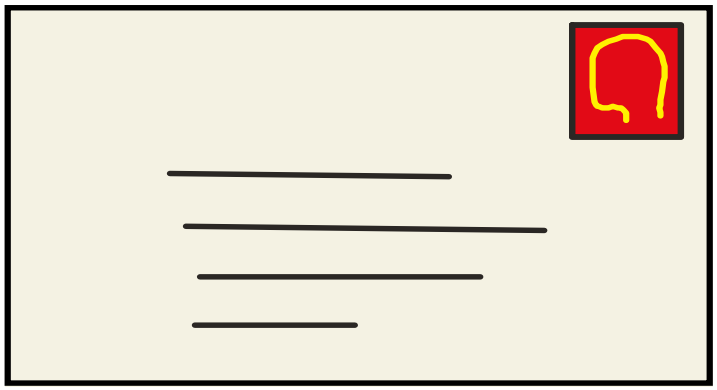


wife, Lady Macbeth....

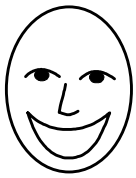
Dear Wife,
The King is coming to
1
stay for one night. Get
a room ready quickly.

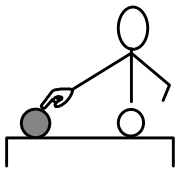


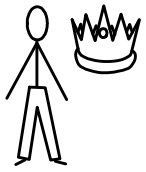
3
I met three witches on
the moor. They said I
would be King one day.



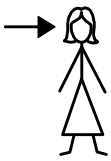
Lady Macbeth was very



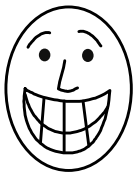




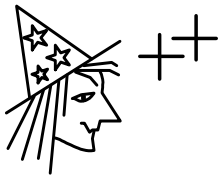
pleased that the King was

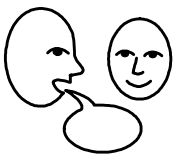


coming to stay but she was

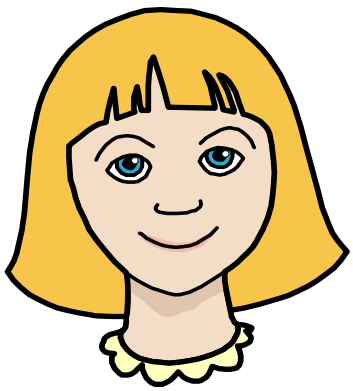


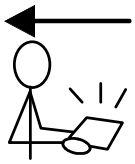
very excited to hear what



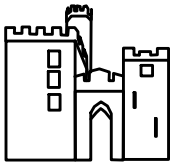


the witches had said.

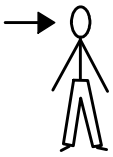


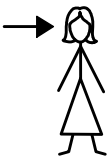


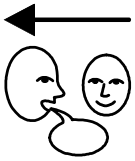
When Macbeth got to the



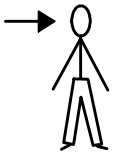
castle, Lady Macbeth was

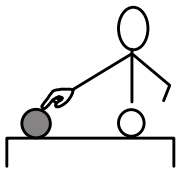


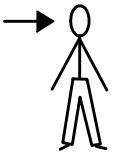


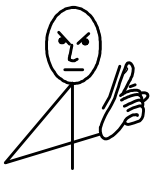


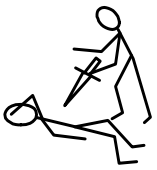
waiting for him. She told



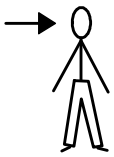


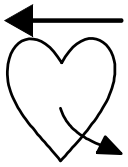






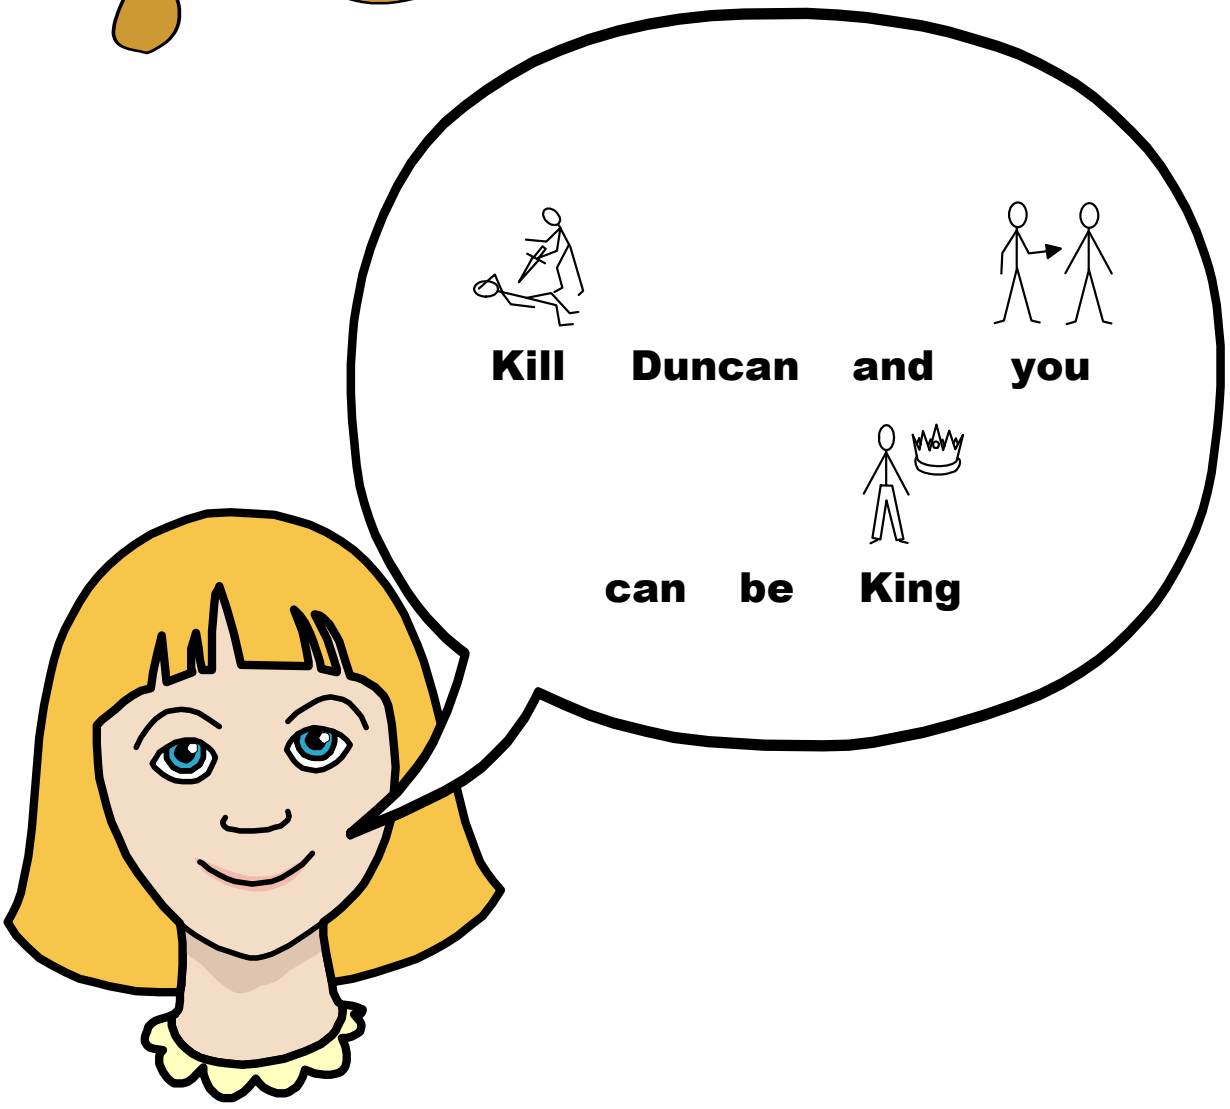
him that he should kill





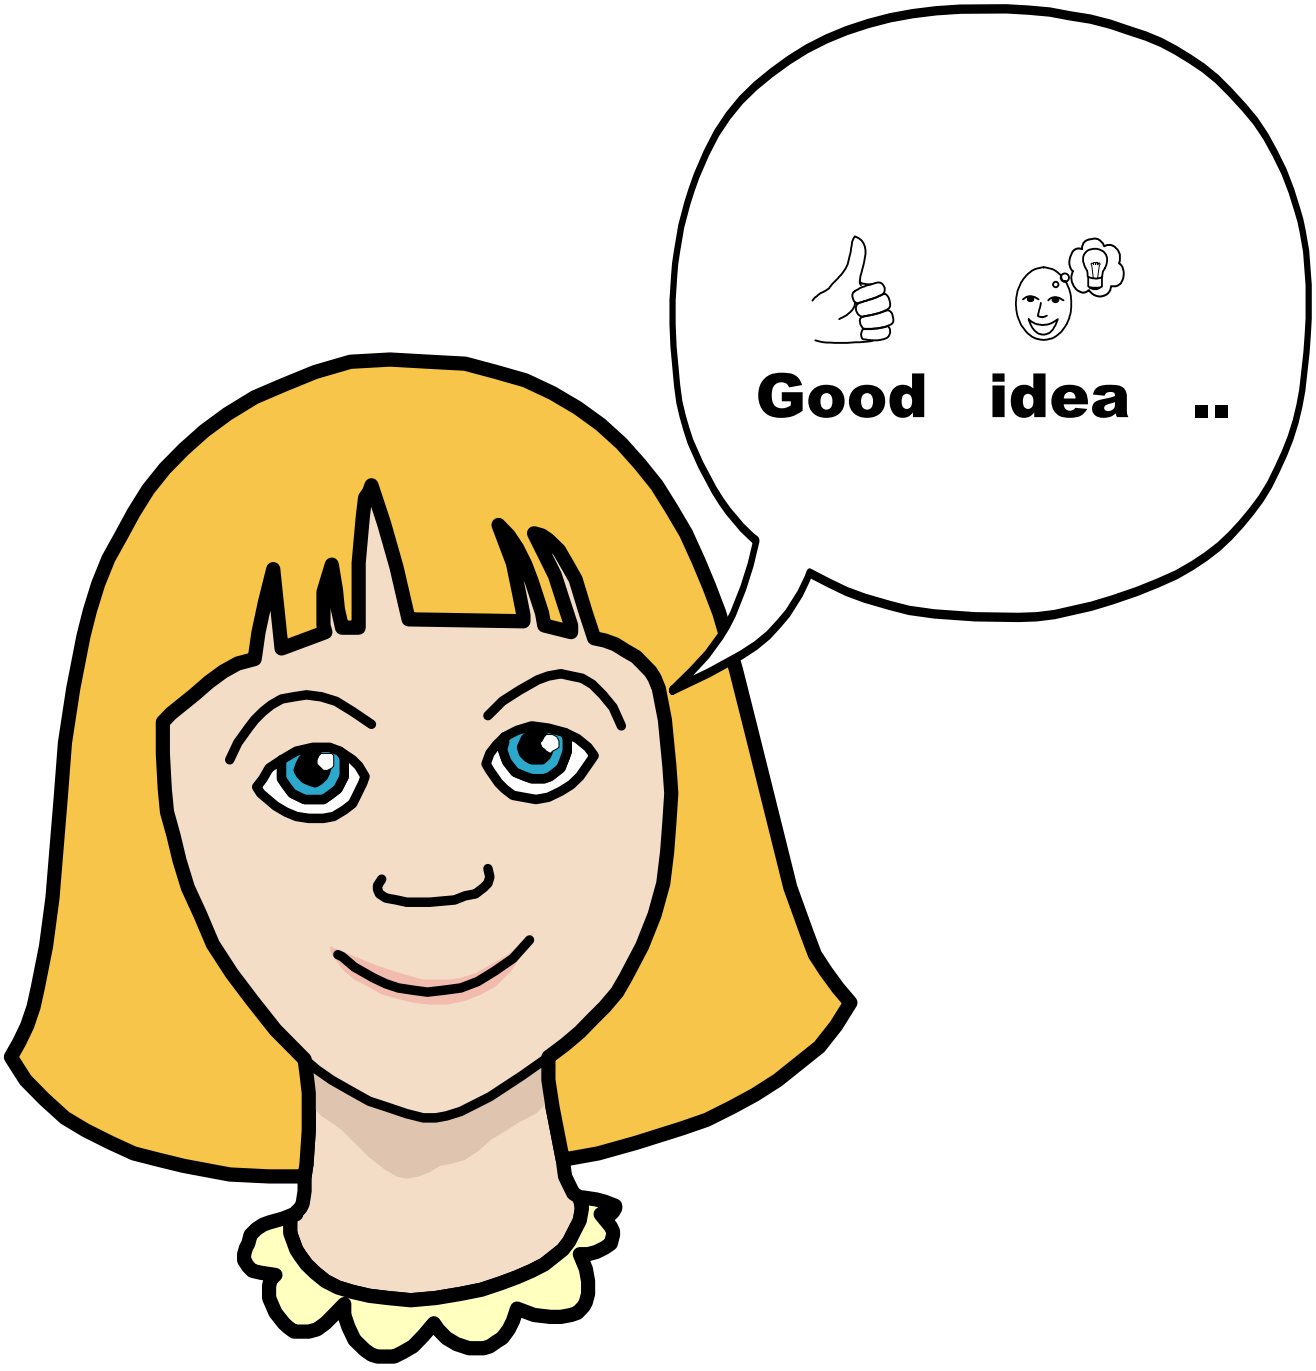
Duncan if he wanted to be

King.



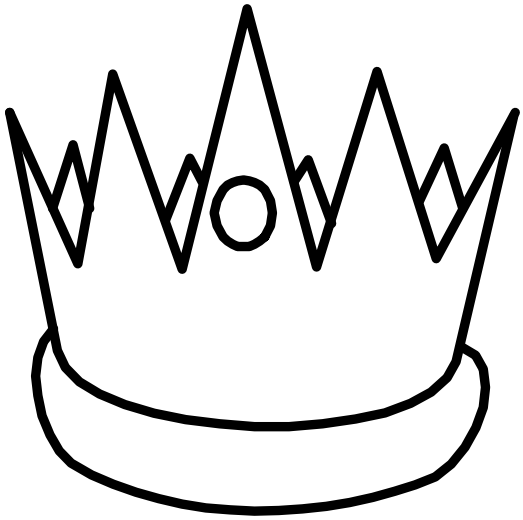
Kill Duncan and you
can be King

I will kill Duncan
while he is asleep.
Then I will be King

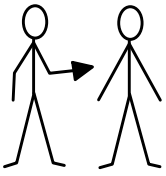


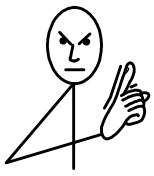
Good idea ..

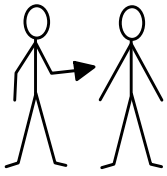
I have
changed my mind.
I can't do it.



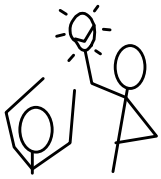
Lady Macbeth was very angry.







"You must be strong if you



want to be King".

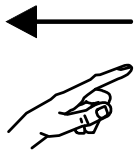
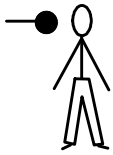
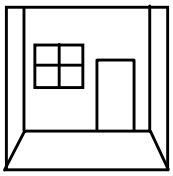
That night as King Duncan

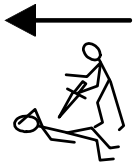


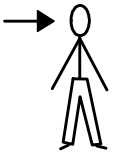
was sleeping, Macbeth went



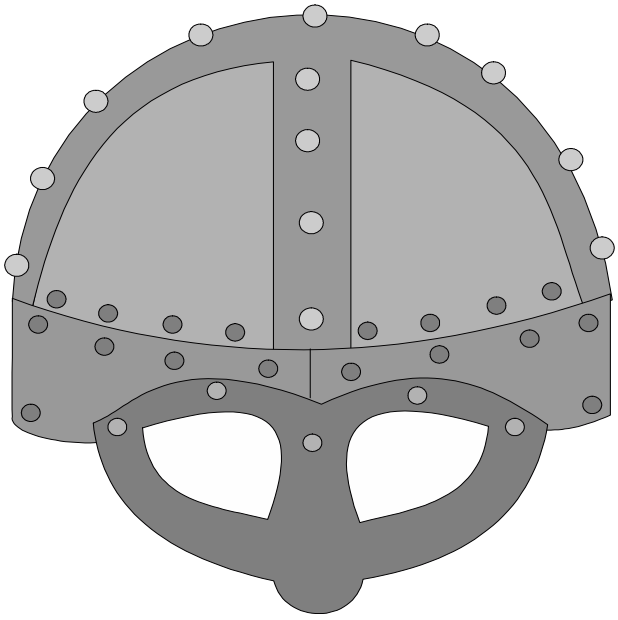


+

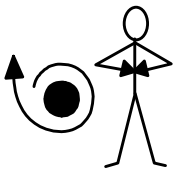




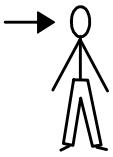
to his room and killed him.

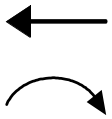


What have I done?
I am so sorry!

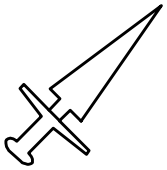


Macbeth was really sorry for

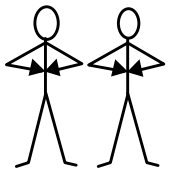


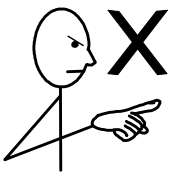


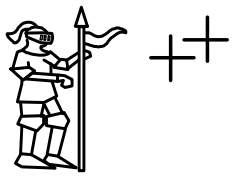
what he had done. Lady



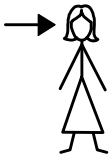
Macbeth took the dagger.



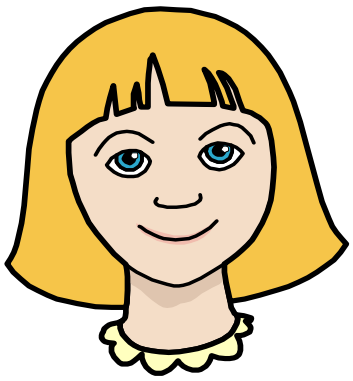


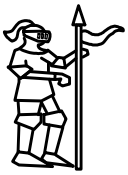


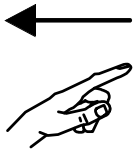
"We will blame the guards"

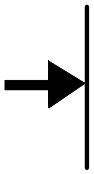


she said.

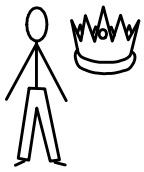


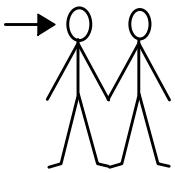




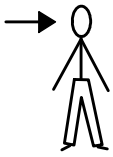


When the guards went to

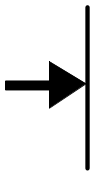




wake up King Duncan they

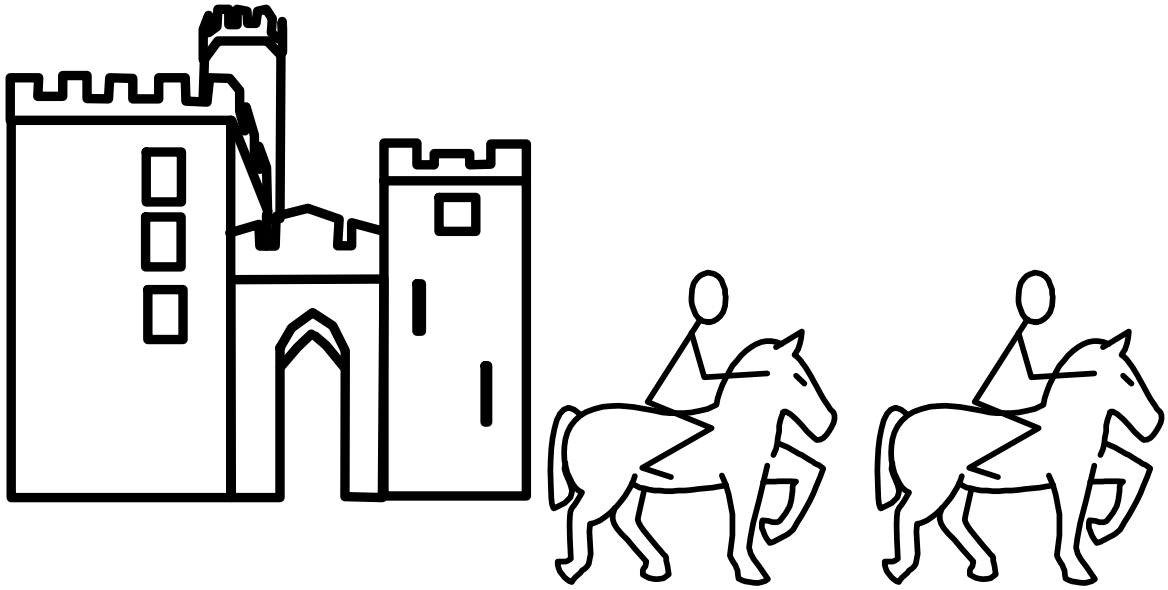


found him dead.

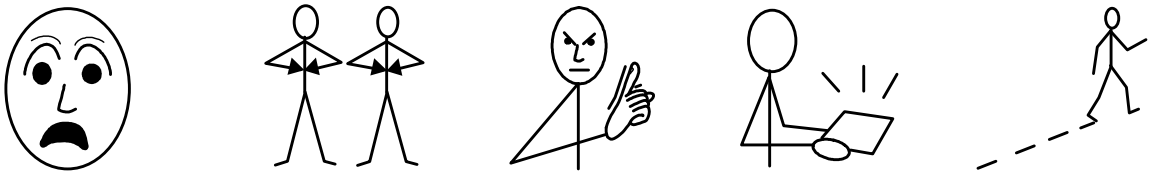


Lady Macbeth pretended to

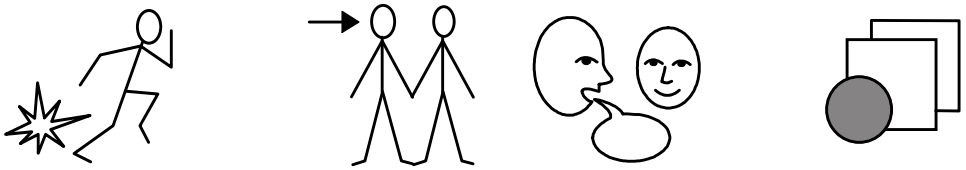
be shocked.



King Duncan's sons were

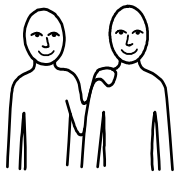


scared. "We must get away

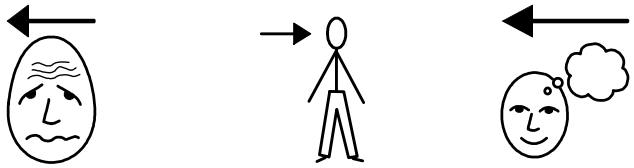


quickly," they said "before

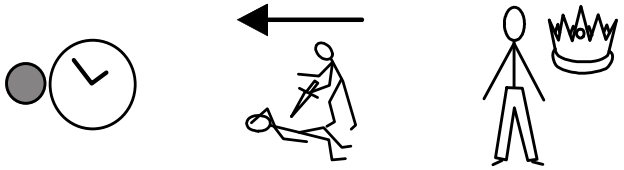
somebody kills us".



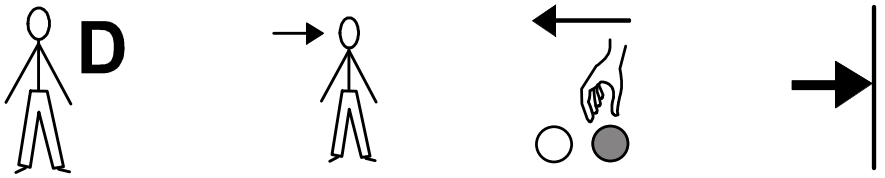
Macbeth's friend Banquo was



worried. He thought that

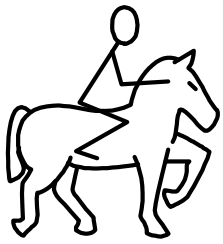


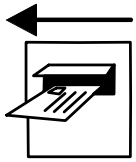
Macbeth had killed King



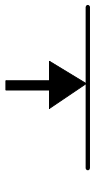
Duncan. He decided to

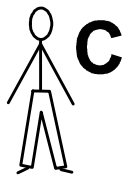
leave the castle too.

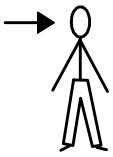


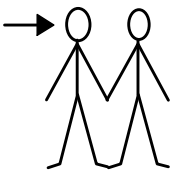


But Macbeth sent someone





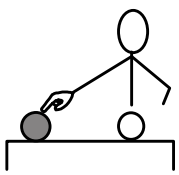


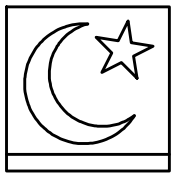


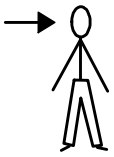
to chase him. They killed

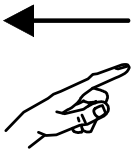
Banquo. Was Macbeth still

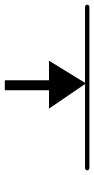
a hero?

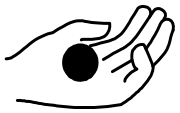




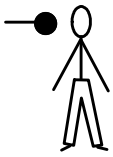


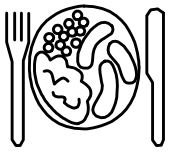


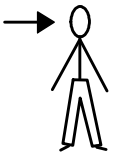


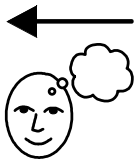


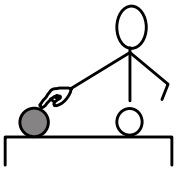
That night he went to have



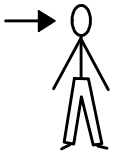




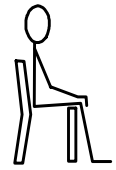


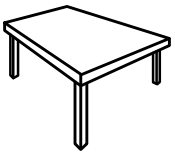


his dinner. He thought that

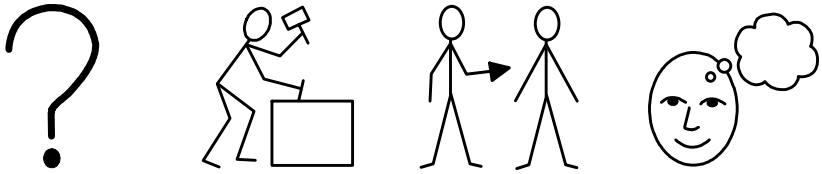


he could see Banquo's

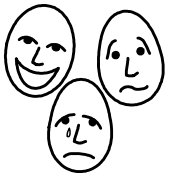




ghost sitting at the table.



How do you think Macbeth



is feeling?
